

Give your business its own holiday.

DayMarket is a daily holiday. Your business creates deal events with Black Friday energy - on any day you choose. Members claim offers online and show up with a redemption code.

How it works

1. Claim your profile

2. Create a holiday

Your deal, your dates, your quantity. Slow Tuesday? Make it a holiday.

3. Members show up

They claim online, redeem in store. You see every redemption.
